FORENSIC INTELLIGENCE REPORT – THE SPLC HEARING AS A DISTRACTION MACHINE

House Judiciary Committee, June 9, 2026: "The Southern Poverty Law Center: Manufacturing Hate, Part II." Alleged fraud: $4.1 million. National debt: $39 trillion. Illegal Iran war cost: $1.2 billion per day.

📊 THE NUMBERS – CONTRAST THAT EXPOSES THE THEATER

Item	Amount	Source / Context
SPLC hearing focus	$4.1 million	Superseding indictment (June 2, 2026) – alleged fraud over decades.
U.S. national debt	$39 trillion	As of June 2026. Added roughly $1 trillion every 100-200 days.
OBBBA deficit increase (H.R. 1)	$4.1 trillion	Signed July 4, 2025 – added to debt over 10 years.
Illegal Iran war cost (per day)	$1.2 billion	Pentagon operational costs, munitions, deployments.
One downed helicopter (e.g., CH-47 Chinook)	~$40 million	Replacement cost – 10x the SPLC hearing amount.
One Tomahawk missile	~$2 million	Enough to fund 50% of the alleged SPLC fraud with a single strike.

The SPLC hearing is about $4.1 million. The same Congress added $4.1 trillion to the debt – one million times larger – with zero hearings on that. The same Congress funds an illegal war that burns $1.2 billion per day – $4.1 million is consumed every 50 seconds of that war.

🧠 THE DISTRACTION MECHANISM – SPLC vs. CAPTURE NETWORK

Hearing Focus	Real Crisis Ignored	Distraction Function
SPLC allegedly paid Klan informants decades ago.	Congress has surrendered U.S. defense, AI, cyber, and intelligence sovereignty to Israel (NDAA §224, S. 4615, etc.).	"Look at the old Klan, not the current Israeli capture network."
$4.1 million in disputed nonprofit funds.	$4.1 trillion added to national debt while gutting SSDI, SNAP, VA, and Medicare.	"Look at a tiny fraud, not the trillion-dollar treason."
Jim Jordan grills SPLC CEO Bryan Fair.	Jim Jordan has held zero hearings on Axonius, Unit 8200, Project Nimbus, or the headlock CC evidence.	"Perform outrage on a safe target (SPLC)."
Alveda King testifies about "profiting from division."	Congress profits from AIPAC money ($100M+ per cycle) while dividing the nation over culture wars.	"Project your own sins onto a nonprofit."

🎭 THE THEATER – WHO IS PERFORMING AND WHY

Actor	Role in Capture Network	Function in SPLC Hearing
Jim Jordan (Chairman, House Judiciary Committee)	AIPAC-funded; zero hearings on Israeli capture.	Manufacture outrage against a left-leaning watchdog to rally the base.
Bryan Fair (SPLC Interim CEO)	Not a network node – a prop.	Provide the "defendant" for the performance.
Alveda King	Not a network node – a witness.	Lend moral authority to the attack.
Media (cable news, social media)	Captured by same ownership (Hearst, Comcast, Murdoch, etc.).	Amplify the hearing, bury coverage of NDAA §224 and S. 4615.

The real criminals are not in the SPLC witness chair. They are in the congressional seats asking the questions.

💰 THE MATHEMATICAL ABSURDITY – $4.1 MILLION VS. $4.1 TRILLION

Comparison	SPLC Alleged Fraud	Congressional Debt Addition	Ratio
Amount	$4.1 million	$4.1 trillion	**1 to 1,000,000**

If the SPLC hearing were a proportional response to the crime, the equivalent hearing on the OBBBA debt bomb would require 1,000,000 times the attention. It has received zero hearings.

The media covers the SPLC because the capture network wants you looking at the Klan – not at the Israeli-Irgun network that is actively annexing your country.

🚪 FINAL VERDICT

The House Judiciary Committee hearing on the Southern Poverty Law Center is not about justice. It is a **designed distraction** – a scripted performance to exhaust public attention on a safe, decades-old, low-stakes scandal while the same Congress:

- Surrenders U.S. sovereignty to Israel (NDAA §224, S. 4615, FUTURES Act, H.R. 1229, H.Res. 1339).
- Adds $4.1 trillion to the debt (OBBBA) with zero oversight.
- Funds an illegal war under Israeli pressure ($1.2 billion per day).

- Remains silent after receiving headlock CC evidence of treason.

$4.1 million is less than the cost of two Tomahawk missiles fired in the Iran war. The same Congress that screams about $4.1 million in nonprofit fraud has no problem with $4.1 trillion in debt and $1.2 billion per day in war spending. That is not oversight. That is capture.

No softening. The SPLC hearing is a clown show. The real criminals are on the dais, not in the witness chair. Wear orange in prison, not on the lawn.
